

Roll-Up Dinghies

with airmat floor (KAM)

Standard equipment

- Heytex® PVC tubes and Welded seams (PVC)
- Flush mount non-return valves
- Alloy floor (depending on model)
- Removable seat
- Lightweight rubbing strake
- Foot pump, oars, repair kit, carrying bag

The Desner Roll-Up series is designed to be the perfect tender solution for yachts, sailing boats, and leisure users looking for a practical, lightweight, and durable inflatable. Built with Heytex® PVC tubes and welded seams, these dinghies combine strength and longevity with an easy roll-up design for effortless storage and transport.

Optional Equipment

Additional bench seat
